CYBERLEARNING

SEASON VII

Think First.

A small pause. A smarter choice.

COMPUDON JUNIOR

India's National Championship

AI Awareness · Media Literacy · Cyber Safety · Critical Thinking

For students aged 8–14 · Grades 3–9

AI is already in your students' hands. But are they using it wisely?

Registration Open Now · Closes October 15, 2026

Aligned to NEP 2020 · NCF 2023 · CBSE Skill-81/2025 · CBSE Acad-39/2026 · DPDP Act 2023

COMPUDON Junior

(Season VII)

THE PROGRAM

What COMPUDON Junior is

COMPUDON Junior builds four essential digital skills students need now: AI awareness, media literacy, cyber safety, and critical thinking.

1 AI Awareness

How AI works, where it fails, and how to verify what it produces.

2 Media Literacy

Spot misinformation, trace sources, resist confirmation bias.

3 Cyber Safety

Harassment, privacy, digital footprint, and personal data.

4 Critical Thinking

Question, analyze, and decide — not just consume.

TWO CATEGORIES

Students compete with their own age group

Grades 3–5

Explorers

6 modules

Foundational digital citizenship, taught through stories and guided activities.

Grades 6–9

Navigators

12 modules

Deeper coverage including data fundamentals, AI ethics, and disinformation resistance.

Age cutoff: August 15, 2026

SEASON VII

Built for Today's CBSE Digital Readiness Priorities

Recent CBSE directives have strengthened the focus on cyber safety and digital citizenship. COMPUDON Junior provides ready-made resources and activities to help schools address these priorities.

WHAT CBSE REQUIRES	HOW COMPUDON JUNIOR DELIVERS IT
Circular Skill-81/2025 Digital Citizenship (Code 913) mandatory as a Kaushal Bodh subject, Classes VI–VIII, with timetable periods and internal assessment.	The 12-module Navigators curriculum maps directly to Kaushal Bodh Digital Citizenship competencies. Practice exams and the championship serve as assessment-ready activities for internal evaluation.
Circular Acad-39/2026 Schools must establish Cyber Clubs with structured, regular cyber awareness activities.	COMPUDON Junior is the structured activity program for your Cyber Club — 6 or 12 modules with stories, exercises, and Think–Pair–Do activities. No planning required.
Circular Acad-39/2026 Cyber Jagrookta Diwas — structured cyber awareness activity on the first Wednesday of every month.	Each module is designed as a standalone session. Assign one module per month to your Cyber Jagrookta Diwas calendar — content and discussion prompts included.
Circular Acad-39/2026 Cyber Safety Pledge — schools must circulate a pledge among students, signed by parents.	A Cyber Safety Pledge aligned to the directive is included for all participating schools, in A4, A3 and A2 formats — ready to print and send home.
NEP 2020 / NCF 2023 Promote 21st-century skills, digital literacy, critical thinking, and competency-based learning.	All four domains are delivered through competency-based, story-driven pedagogy aligned to NCF 2023, with benchmarked readiness reporting.
DPDP Act 2023 Schools must teach students about data privacy and digital rights.	The Protecting Privacy and Identity module teaches data protection principles in age-appropriate language for students aged 8–14.

School Future Readiness Report

Participating schools receive a School Future Readiness Report and benchmarked student reporting, usable directly as supporting documentation for compliance records.

+91 83830 56545 · connect@compudonjunior.com

What your school gets

Zero infrastructure overhead. Teachers coordinate participation, they do not create content or mark assessments.

INCLUDED IN THE FEE

The coordinator toolkit

- ✓ Complete study materials for both categories
- ✓ Practice exams for all registered students
- ✓ Parent communication templates
- ✓ Results and benchmarked reporting
- ✓ Coordinator handbook and program calendar
- ✓ Sharing of registration details
- ✓ Cyber Safety Pledge (A4, A3, A2)
- ✓ School Future Readiness Report

RECOGNITION

Recognition from Regional to National Level

India Champion	Trophy, gold medal, gifts, Hall of Fame feature, plus 4 Microsoft certification exam vouchers (worth ₹10,000).
National Runners-up	Silver and bronze trophies, medals, gifts, plus certification vouchers worth ₹7,500 and ₹5,000.
National Top 10 & Honor Roll	Ranks 4–10 receive medals and certificates. Ranks 11–100 receive achievement certificates and recognition on website.
Regional Awards	All seven regions, both categories. Champion: trophy, gold medal, gifts & Hall of Fame feature. Runners-up: silver/bronze trophy, medals & gifts. Grades 6–9 winners also receive 3, 2 & 1 Microsoft certification vouchers.
School Awards	Category-wise top-performing schools recognized at the award ceremony.
Every Participant	Digital Certificate of Participation for every student who takes part.
